MEDICAL MISSIONS AT LOTT CAREY SCHOOL

A mission team (21 persons) from Effort Baptist Church, Palmyra, VA, USA headed by Rev. June Clifford (Associate Pastor), comprising of medical doctors, pharmacist, pharmacy technician, nurse practitioner, physical therapist, youth and children workers, eye specialist, prayer warriors spent the last 5 weeks in Liberia doing medical missions, evangelism, youth and children's camps and ministers to children in orphanages in Monrovia and its environs, Virginia and in Foya, Lofa county (a 12 hour road trip on rough and dusty dirt roads). This is Effort, Palmyra's 7th mission trip to Liberia. Effort Baptist Churches in Virginia, USA and Paynesville, Liberia have a sister-church partnering relationship.

The mission team spent 3 days at the Lott Carey Mission School doing clinics for students and staff on the first day and a community clinic the last two days. During these three days, they offered medical services in the following areas – abdominal pains, reproductive health care, ear, nose and throat infections, eye clinic (gave free screening and reading glasses), respiratory infections, urinary tract/sexually transmitted infections, cough/cold infections, worm treatment, boils, among others. During these three days at Lott Carey, the team screened and treated over 556 children and over 604 adults, with 1500 prescriptions filled. These clinics were held free of charge to all who benefitted. All of the medications dispensed at these clinics were brought in by the mission team.

The team travelled to Foya, Lofa County and there held clinics for 4 days treating a total of over 621 adults and over 650 children, dispensing an average of 1,090 prescriptions a day.

While at Lott Carey the mission team also had an appreciation party for the teachers – each teaching receiving a gift package, cake and punch. Stationary and school supplies, bubbles, balloons, sporting supplies and equipment were also donated to the school.

We are indeed grateful to the Effort Mission team for their love, commitment to Liberia, generosity of spirit, selflessness and for their support in many ways. We pray that the good Lord will continue to bless and continue to use them and that they will encourage and inspire others also. The team left for the USA on Monday, December 7, 2009.
